

Guide to Our Ambassador Program

WHO ARE WE?

According to UN, 22.8 million children are out of school in Pakistan. Pakistan holds the second highest ranking globally for the most out-of-school children. At Leading Lady Empire, we are dedicated to uplifting and empowering girls and women from all walks of life in Pakistan.

Our tight-knit community is built on the foundation of supporting gender equality, women empowerment, and women's rights. Through raising awareness about education in Pakistan and recognizing exceptional talent, we strive to create a more inclusive and equitable society for women and girls to ensure no one is left behind.

Since our establishment and humble beginnings in 2022, we have been committed to being a beacon of hope and change in Pakistan's education community. With our growing impact, we envision significant progress in Pakistan's education development, hoping to witness every girl and woman's chance at life. At Leading Lady Empire, we believe in the power of every girl and woman to make a difference using empathy and kindness. Together, we can create a more inclusive and equal society.
